Dear Attorney,

Do you practice debt collection?

There is an imbursement in dispute which I would like to use your legal facilities to settle. I have been trying to settle this claim for months now without any success. Consequently, I believe if this person is addressed by a legal person like you, she may be strained to disburse the amount in question.

Let me know if you can. I truly appreciate your kind attention and legal service.

My warmest regards,

Mr. Yeong
